Gary Moore is shown here grief stricken just after he had shown officers where his brother, Leland, went down during a water skiing accident. Leland was drowned in the mishap at Buffalo Lake.

Youth Drowns In Skiing Mishap At Buffalo Lake

Buffalo Lake claimed its first victim in three years Thursday of last week.

Leland Moore, 15 years old, Dimmitt, was drowned there about 1 o'clock last Thursday afternoon. The body was recovered at 3:50 o'clock by use of grappling hooks.

Young Moore had been water skiing behind a boat piloted by his brother, Gary, 19. He flipped into the water and lost his life preserver. Gary wheeled the boat and jumped into the water to help his brother.

Gary had been in the boat alone. Neither boy could swim. Gary was wearing a life preserver.

"I grabbed his hand but it slipped away from me and that is the last time I saw him," Gary related weeping.

The boat drifted away as Gary floundered in the water. The boys' father and uncle came to the scene in another boat and picked Gary up.

Within a short time some 15 boats were on the scene conducting a search.

The accident occurred just off Cottonwood Bend about a mile and a half south of the boat house.

The body was recovered from about 6 feet of water by Highway Patrolman Bob Rivers assisted by Neal Young of Hereford. The recovery boat was operated by Highway Patrolman Gilbert Ray. The boat belongs to R.K. Bruner.

The boat the boys were using at the time of the tragedy belongs to an uncle.

Randall County Emergency Corps had arrived on the scene and were about to begin a search at the time the body was found. Skin divers were en route from Amarillo.

Justice of the Peace W.A. "Bill" Wilson returned a verdict of accidental death by drowning. Wilson said it was the first such tragedy at the lake in about three years.

Leland was the son of Mr. and Mrs. B.L. Moore of Dimmitt. The father is a Castro County farmer. Gary Moore is a student at West Texas State

College. The Moore family arrived at the lake Thursday morning on a picnic. In the party were the Barry Moore and B. L. Moore families of Dimmitt and the M.L. Savage family of Lubbock.

The Moores are brothers and Mrs. Savage is their sister. Leland was an athlete. In spite of his youth, he played varsity football on the Dimmitt Bobcat squad last season. He would have been a junior student at Dimmitt High School

this year.

The Moores moved from Levelland to Dimmitt about four years ago.

Funeral services were held in Dimmitt with Dennis Funeral Home there in charge. Survivors include the parents, the brother, Gary, and two other brothers, Don, 13, and Cletus, 7, all of the home address. Other survivors are the grandparents, Mr. and Mrs. T.F. Moore of Wilson and Mrs. J.W. Sansing of Brownfield.

School Budget Gets Nod From Trustees Tuesday

Canyon school board Tuesday night approved a budget of \$849,847.00 for the 1962-63 school term, an increase of \$79,765.00 over last year.

Biggest increase for a single item was the amount allowed for instruction which is \$47,563 greater than last year. School Superintendent Joe Gibson explained that addition of seven teachers to the faculty and a blanket increase in teacher pay accounts for the rise of cost in that department.

Tuesday night was the date for public hearing on the budget. The board of education had made plans to accommodate patrons. The chairs provided were empty. Not a single patron showed up for the hearing.

In other action, the board authorized Tax Collector Lee Foster to distribute taxes collected to proper funds.

The board accepted a report on the building fund as of July 31. Report of the tax collector was approved.

Gibson said more students may attend Canyon School this year than had been anticipated. Foster told members of the board that he will be needing additional help in the tax office soon.

Board member Jerry LaGrone asked that a more detailed breakdown be made of

items now carried as miscellaneous in the budget. Joe Gill pointed out that the budget lists (See SCHOOLS Page 2)

Bonds Are Approved At Happy

Happy voters approved almost three to one a proposed \$300,000 school bond issue for improvement of school facilities at Happy.

The vote was 127 for and 44 against.

Rittenberry & Rittenberry of Amarillo have been employed as architects and H.L. Schaeffer of Amarillo is the school's bond advisor.

School Superintendent Sam Bryan said about two months will be required by the architects to prepare plans and construction is expected to begin in November.

Bryan said plans call for construction of six additional class rooms, a cafeteria and a library. Also included in the plans are remodeling of the high school building, agricultural building and additional work on the gymnasium.

Iron Used To Batter Victim

Coed Bludgeoned

Marketing Referendum Ballot Set August 30

The 1963 wheat crop referendum on marketing quotas will be held Aug. 30, according to Paul Read, Randall County ASCS office manager.

Polling places include Community, "A", Canyon, ASCS office; "B" Sunny Hill-Fairview, Ralph Switch Elevator;

"C", Jowell, Jowell Community Building; "D", Umbarger, Umbarger School Auditorium; "E", Highland, John Plank's quonset barn; "F", Trigg-Zita, Kearns Grain and Seed at Haney Switch; "G", Stone, Lynn Bennett home.

Polls will open at 8 o'clock in the morning and close at 6 o'clock in the afternoon.

In a newsletter, Read said the vote will be on the basis of a national allotment of 55 million acres and the outcome will decide whether the nation's wheat producers desire to have a marketing quota program. Allotments will be in effect regardless of the result of the referendum, Read declared.

The national average support price for 1963 wheat will be \$1.82 per bushel provided quotas are approved.

"If quotas are disapproved, only producers remaining with-

in the farm allotment will be eligible for price support on the basis of a national average of \$1.21 per bushel," Read said in the newsletter.

September 10 has been designated as the date for election of ASCS committeemen here. Aug. 20 was the final date for nomination.

Yo, Ho, Ho, And Sailing We Will Go

Three people were fined, one hospitalized and two dogs drowned as an aftermath of a boating mishap at Buffalo Lake Saturday.

Charged with driving a motor boat while intoxicated was Jesse Boyd, Amarillo. It was believed to have been the first such charges ever filed in Randall County.

He was assessed a fine of \$100 in the county court of Judge Wayland Angel. Officers said he is being held in Randall County jail in lieu of payment of the fine.

Two persons identified by authorities as Pauline Gribble, 63 years old, and Ernest Waller, 49, both of Amarillo, were fined \$50 each in the Justice Court of Judge W.A. "Bill" Wilson on charges of being drunk. Both paid fines, officers reported.

A second woman was hospitalized here for treatment of minor injuries. She was dismissed the following day. No charges have been filed against her.

The trio was arrested after a boat overturned near the dam at the lake.

Investigating highway patrolmen said two small dogs were trapped under the boat and drowned.

Two Girls Injured In Accident

Two young girls were injured Monday afternoon in a traffic accident on the E-Way service road near Taylor & Sons Lumber Company.

Highway Patrolman Bob Rivers said a car driven by James Madison, Jr., Amarillo, went out of control on a curve and swerved into the lumber company fence.

Hurt were Linda Kay Gilbert, 15 years old, and her sister Betty Ann, 10, both of Amarillo. Linda Kay suffered face and knee lacerations. Betty Ann suffered face lacerations and loss of two front teeth.

The girls were treated at Neblett Hospital and dismissed, according to Rivers. Madison was not injured. The automobile was a total loss, the officer said.

Randall May Plant More Acres

Allotment Notices Mailed

Wheat allotments are being mailed out to Randall County farmers this week.

This information came this week from Paul Read, county ASCS office manager. The county allotment this year is 132,173 acres as compared to 118,467

last year.

This amounts to an increase of about 11 percent.

Authority to release individual allotment figures to farmers came about the middle of last week from the state ASCS office.

Read said the county office has been in possession of the allotment for the county for some time but has been in the dark as to acreage to be allowed to individual farmers.

Contacted at College Station Tuesday morning, I.H. Lloyd,

state ASCS production specialist, said county allotments were released to county offices more than a month ago.

Some area farmers have complained that the lack of information on acreage to be allowed has hampered their preparation for seeding wheat.

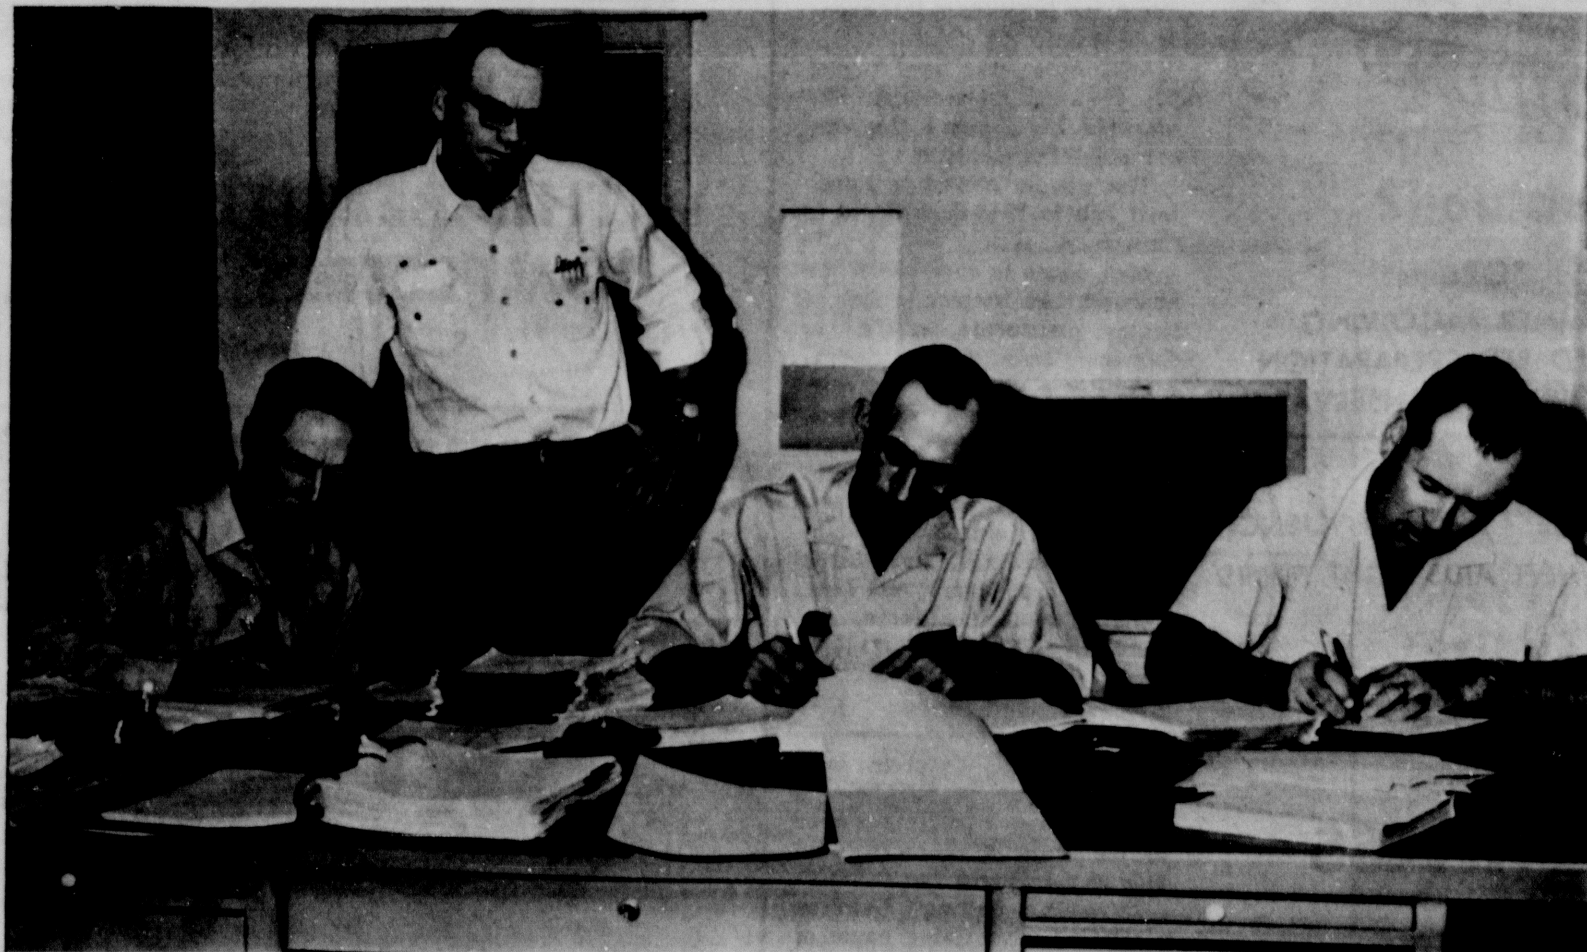

Kenneth Erwin of the ASCS committee said the lack of a definite allotment has not held up his operations. He said he was able to prepare land for seeding.

"If I have prepared too much, I feel that I would have had to plow it anyway," he declared. He said that if he fertilizes too much land for his wheat crop, the land may be used for another crop later.

Tardiness in releasing wheat allotments has been blamed on Congress. Read said the Department of Agriculture has been holding off until the last minute on announcing acreages because of the possibility of Congressional action on farm legislation.

Read said it was mandatory to release individual allotments before the wheat referendum to be held Thursday of next week.

Members of the Randall County ASCS committee include Kenneth Erwin, chairman; Jack Frost, vice-chairman; and John Plank, member.

Members of the Randall County ASC Committee are from left Jack Frost, John Plank, and Kenneth Erwin. Standing is

Paul Read, ASCS county office manager. The group is shown here figuring wheat allotments for individual farmers.

The Canyon News

The Canyon News, founded in 1896, is an independent newspaper dedicated to the best interests of the community, state and nation.

A subscription is \$3.00 a year in Randall County and \$5.00 a year elsewhere.

some \$44,000 only as miscellaneous. Gibson said a further breakdown would be made. He said the budget code recommended by the state and used here has caused extensive use of the miscellaneous column.

Bob Wear, board president, recommended use of purchase order and requisition in purchase of items for the school by school personnel.

This matter is under study by the board.

Gibson said the school has 39 separate activity funds.

A set of school board policies were approved by the board.

Members of the board agreed to ask Bill Sternberg to work with Gibson and Wear to ascertain the amount of roofing work needed on school buildings as a result of hail here in June.

A tuition agreement with Amarillo Independent School District was approved. It is an agreement under which the two schools have operated for several years.

Gibson was authorized to obtain bids on gasoline and oil for school buses. LaGrone suggested that the board study the possibility of obtaining bids for all school purchases where possible.

Imperial Chevrolet Company was designated as the firm to supply the drivers training car this year.

Radio Station KVPB of Canyon was authorized to broadcast Canyon Eagle football games. An athletic and student insurance plan was accepted.

Bid by Scout Troop 66 of \$180 was accepted for an old school bus. Parker Cattle Company purchased an old four-wheel drive truck for \$450.00.

Raises approved for maintenance personnel totaled \$800.00.

Gibson was authorized to obtain bids for 11-gauge fence on the north and south ends and on the east side of the area in front of the elementary school building.

Board members are studying the possibility of using this area for playground.

Tractor Damaged By Fire Tuesday

A tractor on the Edell Money place a mile south of Canyon High School was damaged by fire Tuesday.

The Canyon Fire Department answered a call there. A tire, battery and wiring were damaged.

Bob Bellah Is Elected By Grocermen

BOB BELLAH

A Canyon man has been named a director for the Texas Retail Grocers Association.

He is Bob Bellah, who is a partner in Bellah's here in Canyon.

Bellah also is interested in grocery operations in Amarillo. He and Billy Joe Hunter own nine Shortstop Stores and two Bellah Fine Food Stores.

Bellah is a native of Canyon. He was graduated from Canyon High School and attended West Texas State College. He is a past president of the Buff Touchdown Club and is secretary-treasurer of the BAM Club.

Post Office Announces Stamp Book

The Post Office Department has announced the publication of a revised stamp booklet titled, "Postage Stamps of the United States, 1847-1961".

The booklet lists all issues of stamps from the first adhesive stamp, issued in 1847, through the Nursing Commemorative Stamp, issued December 28, 1961. It also contains an illustration of each stamp and gives detailed information and miscellaneous historical data on each stamp.

The booklet may be ordered from the Superintendent of Documents, Government Printing Office, Washington 25, D.C. The price of the book is \$1.25.

Canyon Boy Shows Trait Of Honesty

John Marsh found that the old Texas type of honesty has not died Monday when he drove through Canyon.

Marsh, who is a Captain in the United States Air Force, was driving to Amarillo when he stopped at Burchfield Service Station on 23rd Street.

He filled his gasoline tank up and drove on to Amarillo. Not far out of town he discovered his billfold was missing. He returned to the service station and there waiting for him was his wallet, complete with the \$161, two gasoline credit cards, a check for \$52 and numerous personal papers.

Clark Mires, 20, who works for the station, had found the billfold in the station and was trying to decide how to return it to the owner.

Marsh offered Mires \$20 reward, but he would not accept. Mires is a student at West Texas State College and was married last spring, but he just wouldn't take the money.

"If he won't take money at least he should be recognized," Marsh said.

"This incident speaks well of the community. We've been thinking of returning to Canyon to live after I get out of the service, and this has about convinced me to do so," Marsh continued.

White Auto Opening Set This Week

Grand opening of White Auto Store will be held Thursday through Saturday with a wide variety of goods on display ranging from toys for the kids to appliances for the home.

Flames gutted the store July 26, leaving all the stock either badly damaged or destroyed. Immediately, Bill Taylor, owner, discouraged but not beaten, began the difficult task of rebuilding. The building has been redone throughout and restocked in such a manner as to make all items easily accessible to the customer.

Shelves are so arranged so all merchandise is well in view for the convenience of the shopper.

Taylor announced a complete line of school supplies, toys, auto accessories and a limited number of drug items. Bill and his wife, assisted by Ben Wade, will be available to assist the customer in locating merchandise.

Prizes will be given away during the opening including as first, second, and third prize a set of car seat covers, a car battery, and an electric mixer.

Store hours are 8:30 A.M. to 6:30 P.M.

Last Rites Held For Mrs. Steen

Funeral services for Mrs. Mary Steen, 87, will be held this morning (Thursday) at 10 a.m. in LaGrone Funeral Chapel with the Rev. Strauss Atkinson officiating.

Mrs. Steen died Tuesday afternoon in Neblett Hospital.

Burial will be in Pioneer Cemetery in Graham this evening at 6 p.m.

Mrs. Steen was born August 20, 1875 in Mississippi. She married Z.I. Steen in September of 1922 in Graham.

The couple moved to Hereford and in 1946 they moved to Canyon.

Mrs. Steen is survived by her husband, two stepsons, Sam of Likley, California, and Todd of Canyon; four stepdaughters, Mrs. Fayle Walberg, Portales, New Mexico, Mrs. Ella Stephenson, Perryton, Mrs. Margaret Oaks, Houston, and Mrs. Catherine Braley, Houston; one brother, Clyde Fields, Sierra Blanca; three sisters, Mrs. Lillie Keen, Sierra Blanca and Mrs. Irene Cleveland, Plains, and Miss Kate Fields of Canyon; seven grandchildren and 10 great-grandchildren.

John Wear To Return To Harding

John Wear, a 1960 graduate of Canyon High School will leave next week for Harding College located at Searcy, Arkansas to begin football training.

Wear lettered with the varsity team his freshman year at Harding. Last year he was ill and unable to play.

He will be a sophomore this year, and will be playing under Coach Carl Allison who was co-captain of the 1954 Oklahoma University football team.

During Wear's last year in Canyon High School, he was "considered to be Canyon's best pass receiver and is an outstanding blocker." He was selected All-District line backer on the Eagle Championship team his senior year.

Mr. and Mrs. Bill Smith moved to Tulsa this week, where Mrs. Smith will teach in the high school. Mr. Smith will commute to WT, where he is a senior.

Clark, Happy, baby boy, born Aug. 15.

Mr. and Mrs. Eulen Charles Whitten, Canyon, baby girl, born Aug. 15.

Mr. and Mrs. Michael James Morris, Canyon, baby boy born Aug. 17.

Mr. and Mrs. Jack J. Metcalf, Canyon, baby girl, born Aug. 18.

Coopers Take League, Tournament Begins

Coopers Market won the men's softball league competition Tuesday night in the final game of the season with a record of 7 wins and no losses.

The Cooper team will play the team that wins the single elimination tournament which began Wednesday night at the Babe Ruth ball park.

The tournament, which climaxes the men's league play, will begin tonight at 7:30 p.m. and the second game will follow at 9:30 p.m. Finals in the tournament will be played Saturday evening and the playoff between Cooper and the tournament winner will be held next Monday.

One change in the rules for the tournament makes it possible for the same pitcher to pitch as many consecutive games as he wants to.

In the last week of play the Buffalo Barbers beat Western Auto 14-08 in a Tuesday night game. Stevens was winning pitcher and Holcomb was losing pitcher.

Taylor and Sons skinned by the Jaycees 9-8 Tuesday with Smyrl pitching for Taylor and Sons and A.L. Pruett for the Jaycees.

In another close game last week Taylor and Sons battled to a 7-6 victory over the Buffalo Barbers. Blankenship was winning pitcher and McDowell was losing pitcher.

M.E. Moses beat Wagner Shamrock Wednesday night 10-0. LaFollette pitched the third no hit game this year. Brock was losing pitcher.

Coopers won over Bellahs Thursday evening 19-2. Benny

Cooper led Coopers to victory

Monday night play saw the Buffalo Barbers beat the Jaycees 19-17. Stephens was winning pitcher and Richard Pruett was losing pitcher.

M.E. Moses beat Bellahs in the second game Monday night. Final score was 20-10. Shields was winning pitchers and Curtisinger was losing pitcher.

The last two games in the league play were Tuesday night with Western Auto beating Wagner Shamrock 6-5. Winning pitcher for Western Auto was Forehand and losing pitcher was Wagner.

In the second game Coopers led Taylor and Sons all the way to a 13-11 victory. Allison was winning pitcher and Smyrl was losing pitcher.

Final league standings:
Coopers Market 7-0
Western Auto 5-2
M.E. Moses 5-2
Bellahs Market 3-4
Wagner Shamrock 3-4
Buffalo Barber 2-5
Taylor and Sons 0-7
Jaycees 0-7

In the first round of the tournament held Wednesday night Coopers played Wagner at 8:15 and M.E. Moses played Taylor and Sons at 10 p.m. Tonight Western Auto will challenge Buffalo Barbers.

Flower Workshop Set Today

The Canyon Garden Club is sponsoring a Flower Arrangement Workshop on Thursday August 23, in Fellowship Hall

Visitors Feted At Card Parties

Mrs. Virginia King Allen of 301 26th St., had as house guests last week, Mrs. Sam Henry, Amarillo, Mrs. John Berry, Spearman, and Mrs. R. E. Lee of Spearman.

An afternoon bridge party honoring the visitors was held in the home of the hostess, Mrs. Allen, on Wednesday. Other than honorees, guests present were Mesdames C.W. Warwick, J.D. Barker, Charles Wright, Jim White and Miss Edna Graham.

Mrs. John A. Williams was hostess at her home at 2410 8th Ave. at a bridge party in honor of the visitors on Thursday, August 16.

of the Methodist Church. All interested persons are invited to attend between the hours from 1 until 5 p.m.

Participants are invited to bring any flowers or containers that they would like to work with, but the club will furnish materials for those who do not have a specific project in mind.

Luncheon In Amarillo Honors Mrs. Shipley

Mrs. O.B. Redman entertained at a bridge luncheon last Thursday at Tascosa Country Club in honor of her daughter, Mrs. Junita Davis of Lubbock, and for Mrs. John Shipley who is moving to Bryan, Texas.

Other guests included Donna Buckmiller, Jackie Daugherty, Jettie Kohler, Irene Benesch, and Cil Bruedigan, all of Amarillo.

Miss Beverly Ann Bales To Wed Robert N. Jones

Mr. and Mrs. S.C. Bales of 1410 W. 46th St., Amarillo, announce the engagement and approaching marriage of their daughter, Beverly Ann, to Robert Neal Jones, son of Mr. and Mrs. C.A. Jones of 3309 Sunlite, Amarillo. Miss Bales is the niece of Mr. and Mrs. K.L. Pond of Canyon.

The wedding has been set for September 1 at the First Baptist Church of San Diego, California.

The bride-elect is a graduate of Amarillo High, and Mr. Jones also is a graduate of Amarillo High, received academic degrees from Oklahoma University, where he was affiliated with Phi Gamma Delta Social fraternity.

Coffee Honors Visitors Here

Mrs. Robert Bellah, Mrs. J.C. Bellah and Mrs. R.E. Bernard, were hostesses at a coffee last week in the home of Mrs. Robert Bellah honoring Mrs. Tom Keeling, of Midland, and Mrs. Max Bellah, of Phoenix, Ariz. They are guests of their mother and mother-in-law Mrs. Alfred Bellah.

The serving table was laid with a white linen cloth, and centered with an arrangement of summer flowers. Silver appointments completed the table decor.

Thirty guests called between the hours of 9 to 11:30.

6 Families Move Here

Six new families have registered with the Chamber of Commerce for during the month of August, Roland Black, Commerce manager, announced.

Those new in Canyon are Dr. Dale L. Schomp, 2606 10th Ave.; Floyd Lassiter, 2604 11th Ave.; Jimmy Bailey, 1403 7th Street; Harry L. Tyson, Jr., 2105 2nd Ave.; John H. Lewis, 1705 3rd Ave., and Bob Hart 1708 3rd Ave.

Newcomers to Canyon should register at the Chamber office.

Canyon Represented At FHA Planning Meeting In Austin

Miss Nancy Hicks, Area I President of FHA and Mrs. Guylene Stover, Advisor, have returned to Canyon from Austin, where they attended the executive council meeting of FHA on August 14 through 17.

At the meeting, work for the statewide program for the 1962-1963 year was planned, and the date for the state meeting for next year was settled.

Miss Hicks was chairman of Mr. and Mrs. A.A. McNeely and children, Sharon and Mitchell, visited in the homes of Mr. and Mrs. Don Paris and Mr. and Mrs. Bob Paris last weekend. Mrs. McNeely is the sister of Mr. Don Paris and Mr. Bob Paris.

Twin Girls Born

Mr. and Mrs. Gary Jones are parents of twin daughters born August 21 at Northwest Texas Hospital in Amarillo. Their maternal grandparents are Mr. and Mrs. M.S. Downing, and their mother is the former Shannon Downing, all of Canyon. The Jones' live in Amarillo. He will receive his degree at West Texas this month.

Around The Town

With school registration set for next week, summer is fast drawing to a close. Some Canyon residents are returning home while others are still travelling.

The Bud Parker family decided that now was the time for Greg to learn some Texas history at first hand, so they have travelled for the past two weeks to Six Flags over Texas, the Alamo, and other points of historical interest in the state.

Wilda Killingsworth's mother and father, Mr. and Mrs. A.S. Nason of Randlett, Okla., and her sister and brother-in-law, Mr. and Mrs. Wayne Boles of Wichita Falls, have been visiting here the past week. However star boarder at the house has been son, Jimmy Dale, who is en route to Saigon Viet Nam with the Army.

Cecil and Bob Bellah went to

Houston last week on the train to attend the Grocer's convention, at which Bob was elected as Director of the Texas Retail Grocers Assoc. When they returned, they picked up the entire family and took a trip that included Colorado Springs, Santa Fe and other places requested by the children. With Bobby leaving for his freshman year at North Texas, the Bellahs felt that this might be the last family trip for awhile, so they made the most of being together.

Mrs. Clara Thompson and Miss Sara Thompson have left for Tucson to spend the winter. Miss Thompson is a teacher at Rose School there and reports that they have bought a home at 2519 North Richey Blvd., but that they plan to spend each summer here in Canyon.

Mr. and Mrs. Arvin Triplett, Bill, Don and Richard and Sharon Ely of Amarillo attended the going away party for the Clifford Stewarts at the Dawn Baptist Church Tuesday evening.

The John Rascoes and the Royal Brantleys have returned to Canyon from summer study in Mississippi and Indiana respectively. We're glad to have them home.

Jack Bullock and his family have returned to live in Canyon after completing all but his dissertation for his PHD last year at the University of Texas.

Mr. and Mrs. A.K. Goodman have concluded a seven weeks tour of the West and Canada, with a family reunion of Mrs. Goodman's seven brothers and sisters in Holyoke, Colorado. She reports that the eight former Brandt children and their families made a total of 51 persons.

With Fall nearly here, activities will continue to increase. Please let the paper know of any items of interest concerning you, your family or your friends.

Owens Host Tea

Mr. and Mrs. L.H. Owens entertained last week honoring their children who were visiting in Canyon. Mrs. Allene Crudginton, of Amarillo, Mrs. Owens' sister, poured during the reception hours from 5 until 7 p.m.

The serving table was spread with an ecru linen cut-work cloth, and centered with an arrangement of white daisies.

Visiting their parents were Mr. and Mrs. Charles E. Owens and son Vick of Wharton, Lt. J.G. James F. Owens of the Naval Air Station, Jacksonville, Fla., Mrs. R.S. Tatum and Cindy of Albuquerque, and Mr. and Mrs. Allen Winters of Canyon.

Mrs. Allen Has Party

Mrs. Virginia King Allen entertained with a dessert bridge last Friday night at her home at 301 26th St.

Those present were Mr. and Mrs. W.F. Haggard, Mr. and Mrs. J.B. Roberts, Mr. and Mrs. John A. Williams, Mr. and Mrs. C.C. Callaman, Mr. and Mrs. T.V. Crounce, Mr. and Mrs. Charles Wright, Mr. and Mrs. J.D. Barker, Mrs. A.L. Walsh and Mrs. Clay Cooper.

News, Features, Pictures Wanted For Women's Pages

The Canyon News wants to know about your social and club activities.

Had a party . . . or planning one? Been somewhere . . . or going? Getting married . . . or having a coffee for a bride? Your club hold a meeting -- or plan an outing? Had some out of town guests?

Those -- and similar items -- are wanted for "News and Features For The Women."

And don't forget, please, The News is equally interested in pictures.

Let us know -- as soon as possible before the publication date of each issue -- and we'll make arrangements to have the pictures taken.

Of course, the paper will accept suitable ones you might have.

Remember the deadline for news and pictures for "News and Features of Interest To Women" is 12 noon on the Tuesday preceding each issue, which is published Wednesday night for Thursday morning distribution.

Brief items may be given over the telephone, OL5-2141.

Longer stories, should, preferably, be either mailed or delivered in person to The Canyon News office, on the west side of the square.

Local Girls Hold Library Book Drive

The Canyon Rainbow Girls are sponsoring a book drive for the Randall County Library. The drive will end Saturday afternoon after two teams of Rainbow Girls have canvassed the town for any used books. The condition of the books does not matter for the collectors.

The team collecting the most books will be treated to a picnic Saturday evening following the book drive.

Anyone wishing to donate books to the library should contact Carol Brown at OL5-3859.

Coffee Honors Mrs. Don Savage

Mrs. A.M. Warren entertained last week with an informal coffee honoring Mrs. Don Savage, nee Betty Brandon, who has been visiting his mother, Mrs. J.A. Hill, for the past two weeks. Dr. Savage is professor of Paleontology at the University of California, and is en route there with his family following a 15 months leave of absence in Europe and Egypt.

Approximately twenty guests called during the morning hours from 10 until 12.

Emergency Unit Feted Recently

A supper was prepared and served recently by the ladies of St. Mary's Altar Society honoring the Randall County Emergency Corps. The supper, sponsored by Slim Johnston, Bill Wilson, and the concessionaires of Buffalo Lake and the Drag Races, was held at St. Mary's Hall in Umbarger.

The Randall County Emergency Corps is organized to provide trained volunteers in

rescue and first aid. The unit serves without pay for their time or equipment, in order to help the members of the community.

The group, with twenty-two active members and about the same number inactive members has been trained in first aid and light rescue, by instructors from the Red Cross and from Texas A and M. The corps has a trained team qualified as expert in underwater rescue and investigation.

Mrs. Ben Koch was chairman of the supper and Mrs. Max Koch was co-chairman.

Club Meets With Mrs. Simms

The 1925 Bridge Club met last week in the new home of Mrs. Cecil Simms south of Canyon. Summer flowers were used in decoration and a dessert of homemade ice cream was served.

Those present were Mesdames Hatcher Brown, T.V. Crounce, J.M. Daugherty, Glenn Dowlen, Joe Gibson, Iverson Leake, Ray McReynolds, Hud Prichard, John A. Williams, W.A. Warren, Roscoe Davis, Andy Walsh, R.E. Ball, Claude Moore, C. M. Presley, Jack Taylor, D.A. Shirley, and Miss Mabel Hare. Visitors from Amarillo were Mrs. Zula Dell and Mrs. Ora Henson.

Birth Announced

Mr. and Mrs. D.P. McMahan, 2708 Magnolia St., Amarillo, are the parents of a son, John David, born August 2. The baby is the first grandchild of his grandparents who are Mr. and Mrs. R.A. Wood, Palo Duro Club, and Mr. and Mrs. B.F. McMahan of Amarillo.

Charles Wright proudly points to his night blooming cereus which burst into bloom this week at the Science Building on the West Texas

State campus. The flower blooms only at night and only once a year. It blossomed in the evening and was wilted by the following morning.

Rare Flower Blooms In WT Biology Dept.

The biology department at West Texas State College was all atwitter this week as Charles Wright's once-a-year night blooming cereus broke into bloom Sunday night.

COUNTY AGENT'S COLUMN

By John Brazzil

Wheat farmers will vote in a referendum August 30 to decide if marketing quotas will apply to the 1963 wheat crop. The vote was announced by Secretary of Agriculture Freeman in accordance with the present law which makes such action necessary when wheat supplies are more than 20 percent above normal.

Approval of Marketing Quotas would mean in commercial wheat states all farmers with more than 15 acres of wheat will be subject to quota penalties on their "excess" except those who comply with feed wheat provision. Growers who comply with wheat allotments will be eligible for price support at the level announced, of not less than \$1.82 per bushel on a national basis.

Disapproval of Marketing Quotas would mean marketing quotas and penalties would not be in effect for the 1963 crop; acreage allotments will be used to determine eligibility for price support rate will be at 50 percent of parity, or about \$1.21 per bushel national average.

Each year Randall County is assigned space for an agricultural booth at the Tri-State Fair in Amarillo. It becomes my job to display agricultural products produced in Randall County. Shortly I will need help from growers of field crops and horticultural crops to locate the best samples available. If you have such crops please advise me so that I can know where to find the best display samples.

A Program commemorating the first 100 years of service by the state land-grant college system and the U.S. Department of Agriculture will be held Sept. 5 at the A&M College of Texas. Sponsors of the program are the A&M College, as the land-grant institution for Texas, the agencies of the U.S. Department of Agriculture which maintain headquarters in Texas.

Texas A&M College was authorized by the Texas Legislature in 1871 under the provisions of the Morrill Act, opened its doors to students in 1876. This was Texas' first venture into tax-supported higher education.

With the approach of fall home owners are reminded that good lawn care requires twice a year fertilization program. September is an ideal time to restore to lawns the fertility which has been removed by summer growth. Select a fertilizer high in nitrogen. Some types of grasses such as blue grass could use some additional phosphorous. Iron, while not a fertilizer could well be added by applying a mixed fertilizer fortified with iron or better yet copperas could be applied along with the fertilizer.

Fall application of fertilizer builds a strong root system for lawn plants which will allow them to go through winter's dormancy period with a minimum of damage.

Commander Assigned To College ROTC Corps

A veteran of more than 20 years service has been assigned to command the Reserve Officers' Training Corps unit at West Texas State College, President James P. Cornette has announced.

He is Lt. Col. Henry L. Calder, Jr., a native of Dallas who came to WT from an 11-month tour of duty with the Seventh Infantry Division in Korea. He has assumed duties here as professor of military science and tactics, replacing Lt. Col. Edward L. Lindsey, who retired last spring.

Col. Calder served during World War II as a reserve officer, seeing action with the Second Infantry Division through five major campaigns in northern Europe. He was commissioned into the Regular Army in 1946.

A graduate of the Command and General Staff College at Fort Leavenworth, Col. Calder earned his B.S. degree from the University of Maryland in 1961, completing his college work through evening classes and extension while on duty for four years in the Pentagon in Washington, D. C.

While in Washington, Col. Calder served two years as assignment officer for the Infantry Branch Officers Assignment Division, and for two years, he was a programming officer for the Department of the Army General Staff with the office of the Deputy Chief of Staff for Personnel.

After a tour of duty in Alaska, and preceding a tour in Japan

with the First Cavalry Division, Col. Calder served three years as adviser for the Louisiana National Guard.

Col. and Mrs. Calder, who live at 2611 Fourth Avenue in Canyon, have three children. They are Helen Marie, 19, who has attended Baylor University two years; Pamela Jean, 16, who will be a junior at Canyon High School; and Richard D., 14, a freshman in high school.

Visiting in the home of her parents, Mr. and Mrs. Logan Walters and Kirk on Sunday, was Mrs. Major James Jr. of Olton. Also recent visitors in the Walter home were Mrs. Walter's sister and her husband, Mr. and Mrs. Ed Babb of Norman, Oklahoma.

COL. HENRY L. CALDER

WT Students Attend Fry

Nearly 20 West Texas State College students attended a Hamburger fry at the Charles Hastings resident Monday evening from 6 to 7 p.m.

The fry was sponsored by the Methodist Student Center and it climaxed the last six weeks of the summer sessions at WT.

The program included a devotional and dinner was followed by a game of volleyball.

News Notes From The

RANDALL COUNTY FARM BUREAU

If you do not belong to the Randall County Farm Bureau and are desirous of affiliating we would again solicit your membership. Your interest in Agriculture and the advancement of farming in this area can be greatly enhanced by your membership in Farm Bureau.

Randall County Farm Bureau can be only as strong as its membership as "It shall be the policy of the Texas Farm Bureau that the number of voting delegates from a county Farm Bureau shall be determined by the number of members in good standing on record in the state office as of the end of the fiscal year of the Texas Farm Bureau."

For those of you not entirely familiar with Farm Bureau we would again advise you of some of the policies of this great Agricultural Organization:

"Farm bureau is a free, independent, non-governmental, voluntary organization of farm and ranch families united for the purpose of analyzing their problems and formulating action to achieve educational improvement, economic opportunity, and social advancement, whereby promoting the national welfare. Farm Bureau is local, statewide, national and international in its scope and influence and is non-partisan, non-sectarian, and non-secret in character."

Farm Bureau Philosophy of Government: "The Constitution of the United States of America was conceived and purposely designed to make secure the God-given liberties of each individual against the domination of government. This provision was made by a division of authority among the legislative, executive, and judicial branches of our federal republic; the diffusion of government powers; and the retention by the people of those powers not specifically delegated to government."

"America's unparalleled progress is based on the freedom and dignity of the individual, initiative, and equal opportunity, sustained by our faith in God and our basic moral and ethical values."

"The principles of our private competitive enterprise system are consistent with our religious values and the highest goals of mankind. Through this system the American people have produced abundant goods and services and provided widespread educational advantages and religious opportunities."

"The full realization of man's dreams as envisioned by our founding fathers can only be achieved if each individual assumes active responsibility for maintaining and strengthening the principles upon which our republic was founded and vigorously opposes all programs and policies which erode the very foundation of our American

system." We in Farm Bureau believe in these statements and attempt to formulate our expressions in Agriculture on these principles. The Texas Farm Bureau fiscal year ends October 31st. Your paid membership is necessary to keep these principles alive, and your individual voice necessary to formulate sound Farm Bureau policies.

Herewith a few excerpts from AFBF News Letter datelined August 20, 1962.

"As the Senate moved closer to consideration of farm bill H.R. 12391 (which Farm Bureau opposes), Secretary of Agriculture Orville L. Freeman renewed his request for Congress to authorize marketing quotas for individual dairy farmers. The Secretary's request was made in spite of a USDA report showing a marked decline in dairy production in July."

"Senator Kenneth B. Keating (R) of New York last week asked Congress to drop farm price support legislation for this session. No legislation would clearly be preferable to bad legislation, Mr. Keating said. Senator Keating charged that the Administration's wheat program—as embodied in the Senate version of H.R. 12391—is a bread tax on consumers. He said Congress would save the taxpayers \$1.5 billion by junking the pending farm bill. For wheat, the program would revert back to the 1938 Act on acreage allotments and the 1949 law on price supports. The Secretary of Agriculture has announced that this would be done even if a new bill passes this year. Under these provisions, the support price will be 75 percent of parity or \$1.82 per bushel as compared with \$2.00 per bushel under the current emergency program. I am told that this would mean a savings to taxpayers in subsidies on exports and on acreage diversion payments of nearly \$500 million per year as compared with the proposal now in the farm bill before the Senate."

"The American Farm Bureau Federation has asked Congress to reduce foreign aid appropriations to \$3.6 billion—\$1.3 billion less than requested by the Administration and \$1 billion less than has been authorized. A Farm Bureau spokesman told a recent House Appropriations Subcommittee hearing that the nation's balance of payments deficit has become a chronic and persistent problem which must be solved. The situation could be improved by: (1) expanded U.S. exports and (2) reduced foreign aid expenditures, he said. Maintaining and expanding the rate of foreign aid expenditures will make the balance of payments deficit impossible of solution and very much more difficult even to control. We believe that the funds made available under the foreign assistance program should be based on good solid plans developed to meet the best interest of the U.S. We have the feeling that the reverse is true now."

For example, Congress makes the money available for the various programs and then the executive branch of our government makes plans to spend it. In other words, we suggest: fitting the money to the plans rather than fitting the plans to the money. This is the only way we can continue to justify the vast expenditures for this program."

We need local items for this column. We, again, solicit your help, and ask that you bring items of interest to the Farm Bureau office between Monday and Saturday of each week.

Dr. Roy Boger Retiring After 20 Years With WT

DR. ROY BOGER

The man most responsible for the success of adult education in the Panhandle, Roy G. Boger, is retiring.

After 20 years and more than 35,000 students, Dr. Boger has reached retirement age, 70, and on August 31 will close out a rewarding career as director of evening classes—more appropriately "Director of the Amarillo Center"—at West Texas State College.

From a rather unpretentious start in 1942, the evening class program of WT, particularly the Amarillo Center, far surpassed its modest early goals and brought tangible service to thousands of people of the region it served.

Back in 1942, when Dr. Boger assumed his duties in WT's new post of night class director, several people in Amarillo and Canyon said it was futile to try such a plan in the Panhandle, Dr. Boger said.

"I asked Dr. Hill (J.A. Hill, then president of WT) what goal he thought we ought to strive for in enrollment. He hesitated, but after some thought, he said that some day we might have as many as 500 students," Dr. Boger said.

In the fall of 1957, the Center reached its peak in enrollment, when 1,429 students were registered. At the end of the evening program's 20th year, 1961-62, after the move to the Canyon campus, 35,174 persons had enrolled for classes.

"I would guess that at least 1,000 people have been able to complete work for college degrees through the evening program who would not otherwise have been able to do so."

Dr. Boger also estimates that approximately 10,000 people of the area have bettered themselves, received advancements in positions in business and professions because of their work at the Amarillo Center.

"One of the greatest services of the evening program was to

persons who just wanted to keep learning. They might be interested in history, or government, or in languages, which they wanted to study for fun and knowledge rather than for college credit," Dr. Boger said.

The WT evening program was established in Amarillo after Mr. and Mrs. Allen Early gave their home at 2101 Harrison to West Texas State in 1941. When Dr. and Mrs. Boger first moved to Amarillo they lived for some time in an apartment in the house, where classes were held. The first fall 139 persons enrolled for classes and a nursery school was conducted during the day. Enrollment steadily climbed, and the home underwent many alterations on its three floors, with more and more demand for space.

During the 1950's, the evening program outgrew the Early home, and plans were begun to move the night classes to the Canyon campus after completion of the Amarillo-Canyon expressway. The move

was finally made in January, 1960.

Dr. Boger set to work immediately upon arrival in Amarillo in 1942, pushing adult education and the night school through publicity, speaking appearances, and all other methods he could think of. He had bulletins printed and addressed several thousand by hand.

Dr. Boger was experienced in public relations, having served as executive secretary and public relations director for Southern Methodist University before coming to WT. He also had taught since beginning his teaching career in 1913 in colleges.

A native of Nacogdoches, Dr. Boger taught at Lon Morris and Weatherford colleges. He was dean and professor of education at McMurry College for five years.

He earned B.A. and M.A. degrees at Southwestern University and has done graduate work at the University of Texas and the University of Colorado.

"The two greatest honors I have received in my life were the honorary Doctor of Letters degree awarded me by McMurry College after I left there, and my being listed for 30 years in 'Who's Who In America,'" Dr. Boger said.

Active in civic, church, and professional activities for many years, Dr. Boger has been teacher of a large men's Bible Class at the Polk Street Methodist Church for 20 years. He has been director, vice president, and president of Rotary Clubs in Amarillo, Jackson, and Weatherford, and was a director and president of the Lions Club in Abilene.

Of all the different kinds of work Dr. Boger has done he prefers teaching.

"But that might be misleading."

If I have a choice of peach and chocolate ice cream, I'd take peach, but I like chocolate, too."

The Bogers, who live at 2909 Polk Street, plan to travel for a while, going early in the fall to Washington, D.C., to visit their son, Roy G. Boger, Jr., and to other places in the East and Midwest. Their daughters, Mrs. Ruth Roades and Mrs. Betty Bennett, live in Crosbyton and Albuquerque, respectively.

Dr. Boger also will turn his attention to a small insurance agency in Amarillo which he has owned since 1950.

"I think I'll do some reading, too, that I have wanted to do for some time. I might even enroll for one of the night classes at WT."

New Music Instructor Appointed

GEORGE EASON

Appointment of a new instructor in music at West Texas State College for the 1962-63 session has been announced by President James P. Cornette.

Scheduled to teach piano is George Eason, who comes to WT from Denver, where he has been teaching privately. He formerly taught in San Angelo and at Harding College.

Eason holds the Bachelor of Music and Master of Music degrees in piano from North Texas State University, where he studied with Dr. Silvio Scionti and Stefan Bardas. He has done additional study at the University of Colorado.

Married, Eason has made recital appearances in Texas, Arkansas, and Colorado as soloist, accompanist, and chamber music pianist. He has appeared as soloist with the North Texas Symphony and the San Angelo Symphony Orchestra.

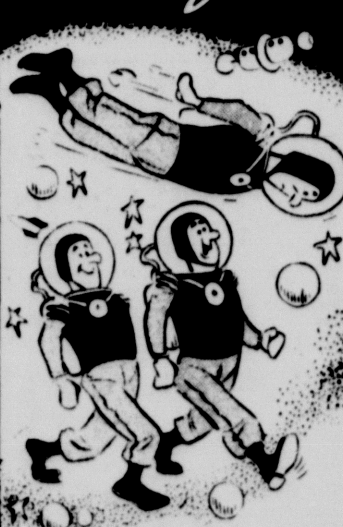

Mr. and Mrs. George Moore and Mrs. Grace Spradley of Morrilton, Ark., parents and sister of Mrs. Guylene Stover, and Gwen Moore, have been visiting here during the past two weeks.

Mrs. Donald Day and children returned this week from a visit to her family in Springfield, Mo.

Scholarship To Henderson

A 1962 Canyon High School graduate has been awarded a Phillips Petroleum Scholarship upon which he may attend the college or university of his choice.

He is Leon Henderson, son of Mr. and Mrs. W.C. Henderson of 2109 Eighth Avenue.

His father is an employee of Phillips at the booster plant near here. The scholarship is open to children of employees.

Leon has chosen Texas Christian University as the school he will attend and he will major in physics there. He took his orientation at TCU last month and is ready for school.

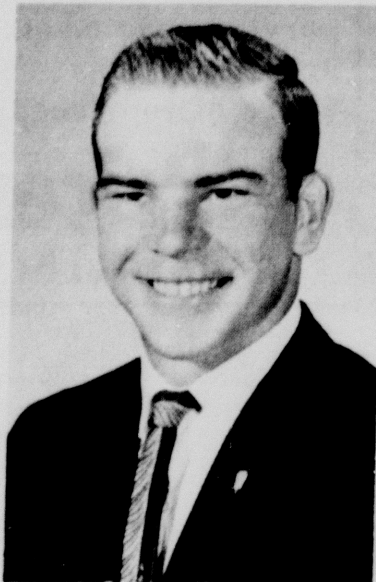

To qualify for the scholarship, Leon passed a test and wrote an essay on why he wanted and needed the scholarship.

He was a member of the national honor society at Canyon High School, graduating with a scholastic average of above 90. Also at CHS he was a member of the student council.

Official Board Meet

The Official Board of the First Methodist Church will meet Wednesday August 29, at 8 p.m. in the Condon Room of the church.

All board members are asked to attend.

LEON HENDERSON

Mrs. J. C. Dowd returned Wednesday from a two weeks vacation in California. Mrs. L. J. Vick, Miss Viola Ballard, Mr. and Mrs. W.R. Ballard accompanied her on the trip.

En route home Mrs. Dowd visited with her niece, Mrs. T.E. Jameson in Las Cruces, New Mexico.

Mrs. A.R. Glenn has returned to Canyon from La Mesa, where she has been visiting her children.

Youths Crossing America On Horseback

By MARGO WILLIAMS
Two German youths are finding that the early American pioneers had a rough time in crossing the United States on horseback.

Wrecks Take County Toll

The Highway Patrol investigated 17 rural accidents in Randall County during the month of July according to Sergeant W.E. Wells Patrol Supervisor of this area.

These wrecks accounted for four persons injured and an estimated property damage of \$7,120.00.

The rural traffic accident summary for Randall County from January through July of 1962 shows a total of 90 crashes. As a result of these crashes there was 1 person killed and 52 persons injured. The estimated property damage amounted to \$77,262.00.

T Anchor Ranch Given Medallion

Roland Black, Chamber of Commerce manager, accepted a Texas Historical Building Medallion for the T Anchor Ranch Saturday at the Panhandle-South Plains Regional Meeting of County Historical Survey Committees and Historical Societies in Amarillo.

The medallion was awarded to the T Anchor Ranch because of the historical significance to the state.

Ten Panhandle buildings were awarded medallions at the Amarillo meeting. Senator Culp Krueger of El Campo and Senator Grady Hazlewood of Amarillo presented the awards.

The medallion to the T Anchor Ranch is now in the Panhandle-Plains Museum but according to Boone McClure, museum director, the award will be transferred to the ranch in the future.

horses and a place to sleep. The boys are on their way to Los Angeles to begin working on the vocations they have chosen for a livelihood.

Peter, 22, is a Canada trained hair dresser, and Wolfgang, 20, is planning to be a commercial artist. Both boys were born in Baden Baden, Germany but two years ago their mother and her seven children moved to Canada.

"We started this trip just to see how people would react to two boys on horseback,"

Wolfgang who has completed a year at the University of Toronto, said.

And they have found out how people react.

"We've had a hard time finding places to sleep and put the horses. People don't trust us very much," Wolfgang recalled.

The horseback excursion began as a four to five month trip. But since January 29, the boys have visited seven states and still have three more to go before they reach their destination.

"We work along the way. We just finished jobs in Clinton, Oklahoma. I washed dishes in a cafe there and painted buildings," Wolfgang stated.

With the money they earn the boys buy hay and oats for their two horses and eat an average of 1 1/2 meals a day.

"I've lost 15 pounds and Wolfgang has lost 20 pounds. The horses have gained almost 100 pounds each. We have to keep them in good condition or we would really be in bad shape," Peter said with an ironic smile.

"Things are more expensive out here than they were further north. A bale of hay cost us 25 cents. Here it is \$2 a bale," Peter said in referring to the financial situation of the boys.

Richardson Is Booster President

Canyon Eagle Booster Club voted Friday night of last week to change its rules to include women.

The group held an organizational meeting at Canyon High School cafeteria.

Roscoe Richardson was elected president of the group.

Clark Jarnagin was named vice-president and Mrs. George deSchweinitz was elected secretary-treasurer. Mrs. Bob White, Mrs. John Whinnery and Mrs. Cecil O'Donnell were appointed to a committee to study advertising needs for the club.

Next meeting will be held at 8 o'clock the evening of Sept. 4 in the high school cafeteria.

Dusting Unit

The Amarillo Health Department dusted Canyon this week for mosquitoes, Bill York, city manager, announced.

The Canyon fogging machine is used every Friday, and the dusting unit dusts every few weeks.

By traveling at night and sleeping in the day light hours, the boys have found the horses stay fresher longer and that the traffic is not as bad.

"We begin traveling about midnight and we stop the next morning wherever we can find a place. Often we have to ride more than our average of 25 miles a day because we can't find anyone who will give us a place for the day," Wolfgang said.

While in Canyon Peter and Wolfgang stayed at the C.G. Pond farm northwest of town. They fed their horses, put them in a fenced corral and bedded down in a small house on the property.

"Mr. Pond has really been nice to us. Usually people don't go to that much trouble," Peter said.

The tall, blonde, blue-eyed youths are expecting another three months on horseback. From Canyon they traveled to Hereford and plan to spend some time in Roswell working to earn money.

"We are looking forward to getting to Phoenix, Arizona. We want to see all the cities we can in case we don't like Los Angeles. That way we will be able to look back and pick the towns we did like and go there."

"We want to be in a large town because there is a greater demand for men hairdressers and commercial artists in the larger places," Wolfgang commented.

The sturdy youths don't think too far in advance, but when

asked about the desert they will have to cross before they reach Los Angeles, both got a determined gleam in their eyes and said, "We'll make it."

"People said we would freeze to death when we started out... and we almost did. Now they are telling us we will dry up and burn," Peter said.

"When we first began, we couldn't sleep," Wolfgang remarked with a tinge of sarcasm.

The going may be rough for them but the boys have expected a lot of work and they have taken a positive attitude about each new situation.

"We try to find the best in everything. If we don't have a place to sleep we improvise in some way. The only time we get upset is when we can't find a place for the horses. They have to be taken care of."

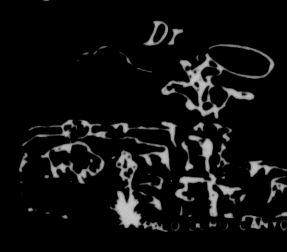

"The experiences we have had have been invaluable. It has not been an easy trip, but it has given us an opportunity to really see and know the people of the United States. And if this is where we are going to spend the rest of our lives, then we need to know all we can about it," Peter said as Wolfgang nodded agreement.

Peter, left, and Wolfgang Stoerchle are finding what the American people are really like as far as hospitality goes. The two boys, both born in Baden Baden, Germany, left Canada January 29, and have ridden on horseback through seven

states on their way to Los Angeles. They expect the trip to take them another three months. The youths travel by night and look for a place to sleep and put their horses during the day. They average about 25 miles a day on horseback.

Hilltop Views

Last week's article made it plain, I think, that the power of the national government was greatly increased during the Washington and Adams administrations.

But with the turn of the century (1801) a Republican strict constructionist, the arch-enemy of autocratic government and a firm believer in the rights of the individuals became President. Would the power of the national government continue to increase during the presidency of Thomas Jefferson?

The President himself did not think so. In his inaugural address he asserted: "The sum of good government is a wise and frugal government which shall restrain men from injuring one another and leave them otherwise free to regulate their own affairs."

Both of Jefferson's predecessors had followed monarchical custom in their inaugural ceremonies, riding to and from the capital "in a carriage of state, emblazoned with a coat-of-arms and drawn by richly caparisoned horses." Jefferson walked to his inauguration and later rode horseback, tying his steed under a shed. This unceremonious practice reflected a new concept of the nature of the national government. Royal trappings were (and are) out of place in a free society.

But in spite of Jefferson's democratic philosophy and practices Destiny continued the centralizing process during his administration. Only two years after he became President he was all but compelled by circumstance to make a decision that strained his doctrine of "strict construction" of the constitution. France under Napoleon had but recently acquired from Spain what has come to be known as The Louisiana Territory--an area lying west of the Mississippi River and containing a million square miles of rich land. Napoleon needed money and sold this territory for about 2 cents per acre, or \$15,000,000 to the U.S.

It is not necessary here to explain Jefferson's apparent inconsistency in thus doubling the area of this country. However, it is important to note that, in the words of one historian, "Every time the federal government made a law pertaining to Louisiana, created a territory, decided a case in court, or admitted a state to the Union, it gave effective exercise to the federal arm. It was inevitable that the people who settled this region should look to the Union rather than to their territorial or state governments as the source of highest authority." Thus the Louisiana territory acquired by a Republican strict constructionist, greatly augmented the power of the national government and increased the number of national employees.

Furthermore, foreign complications produced the same centralizing effects. When Mohammedan pirates of Northern Africa began to prey upon American merchant vessels Jefferson was compelled to modify his "small navy" policy and spend national money in defense of American commerce. When the war between Britain and Napoleonic France closed most of the ports of the civilized world in 1807 and Britain seized American vessels at will and impressed our seamen by the thousands, Jefferson again had to give exercise to the federal arm. He warned British war vessels to stay away from our shores and induced Congress to pass the Embargo Act which, in effect, closed all foreign commerce.

This situation reached its climax in 1812 when a British ship fired upon an American vessel and British agents here and in Canada encouraged Indians under Tecumseh to make war upon American military posts in the West. The national spirit rose rapidly and with it the war spirit. The War of 1812 followed, after which Britain ceased to annoy American ships and impress American sailors. Nationalism had won under the leadership of Republican strict constructionists, although they had been unwitting agents of the centralizing process.

It is worth noting, too, that much of the trend toward national centralization had come from the frontier regions, where individualism and the love of freedom were strongest.

If time and space permitted this story of the almost constant increase in the power of the national government could be continued even down to the present. As pointed out in last week's article it is not a recent development; and it is not the result of any particular design by any person or group of persons. No George III, no Napoleon, no American official, is intentionally pulling or driving us toward autocratic government. If we should finally lose our democratic way of life it will be the result of one or the other (maybe both) of the following circumstances:

1. We are a small part of a big world and cannot immunize ourselves to its influence. Relatively little of that world is capable of self-government or co-operating with a democratic society. Yet, the least civilized of such people has the power of destruction. To deal effectively with this situation we shall need a strongly centralized government, capable of quick and decisive action. The question is, can freedom survive such a situation?

2. Many critics think that the American people are now in moral decline. They can make a rather strong case. If they are right this country will be compelled to accept some form of arbitrary government in order to avoid anarchy.

Your Better Hearing

In the past few weeks, it has been pointed out that the field of audiology embraces many divergent disciplines. It tends to indicate that the audiologist is one member of a team whose chief purpose is to accurately diagnose and correct hearing related problems.

In order to illustrate the function of the team approach, it would be best to cite a few clinical examples.

H.B. had been injured in an automobile accident. He suffered some head and neck injuries. The insurance company had him examined by an otologist because he was suing for a large sum of money claiming a hearing defect which arose as a result of the accident. The otologist referred him to this clinic for thorough testing to establish amount of hearing deficiency. With the use of highly specialized test procedures, it was found that H.B. had no hearing defect and was actually feigning the hearing loss. As a result of the hearing test results, H.B. settled out of court.

R. J. age three years was referred to this clinic by the otologist. She had meningitis six months previous and the attending physician administered streptomycin in order to save her life. The drug damaged her hearing according to the findings of the hearing tests and R.J. was referred to a pre-school school for the deaf where she is presently receiving specialized training.

L.C. age 66 was referred to the otologist by his family physician. He had undergone surgery a few years previous for removal of stomach cancer. The otologist felt that a hearing aid was in order and referred L.C. to this clinic for a hearing aid evaluation. During the preliminary testing it was found that the hearing problem stemmed from a possible brain tumor. Referral was made to a neurologist for further diagnosis and removal of the tumor.

L.C. is currently in the hands of the neurologist and will probably be operated on in the near future.

C.S. age four was seen by an otologist and referred to this clinic as a possible candidate for the school for the deaf. It was found in the testing that C.S. apparently did not have a hearing difficulty. Through observation of certain behavioral characteristics, it was believed that she was aphasic. Aphasia is a form of brain damage which disturbs the language function. This is quite easily confused with a hearing problem. C.S. was referred to a neurologist who has placed her on medication which helps control her hyperactivity and she is currently receiving helpful guidance and training.

In all of the above mentioned cases, the team approach was necessary. The diagnosis would have been incomplete if any one of the team members had tried to do all of the work himself.

Next week, the subject for discussion will be a type of ear infection, otitis media.

by Troy Martin

FROM THE CANYON RIM

Dr. Roy G. Boger is retiring after 20 years with West Texas State College. Dr. Boger's efforts in WT night school, principally at the Amarillo Center, gave some 35,000 students a chance at education...a chance they might not have had without Dr. Boger's efforts.

We hope the people of Amarillo and Canyon will do something to show appreciation for this good man who has helped so many.

Dr. Boger we hope you will let this fact be a comfort; and joy to you in the twilight of your career. Your efforts probably have affected the future of the Panhandle to an extent almost as great as did those of the pioneers who built cities on the Plains.

Football is in the air again. Our Friday and Saturday nights will be filled through the season. We are looking forward to seeing the Eagles on Friday and the Buffs on Saturday.

We can understand why a man would run for county commissioner. The going is tough sometimes but then there is the salary.

We often shake our head in wonder that anyone would accept a job on the school board or city council where the reward is always a black eye.

cine which helps control her hyperactivity and she is currently receiving helpful guidance and training.

In all of the above mentioned cases, the team approach was necessary. The diagnosis would have been incomplete if any one of the team members had tried to do all of the work himself.

Next week, the subject for discussion will be a type of ear infection, otitis media.

These jobs always are tough-est in a growing community like Canyon. The school board will be raked over the coals for building a new elementary building and at the same time be taken to task because the present facilities are too small.

The city commission is berated for streets not properly paved and in the same breath given what for because too much money has been spent on paving.

We envy the J.H. Buchanans. Imagine a trout stream or a ski run at your front door as you wish it.

The Buchanans have just bought a Ford home on wheels which will put a cold trout stream or an orange grove in their back yard in a matter of a short time.

The Buchanans are enthusiastic for the adventures they expect in their new rolling home. Wish we could take off and go with them.

A number of Canyon people are building cabins at Palo Duro Club. As a matter of fact, the people who live at the club are Canyon folks when you get to it.

Some of them live just outside the city limits the year around.

Yes, Tommy Thompson has a cabin at the club and for three months out of the year is a Randall County citizen. Palo Duro Club is a beautiful stretch of stream-fed country inhabited by a bunch of charming, gracious folks.

We wish people who go water skiing would take more safety precautions.

The tragedy which occurred at Buffalo Lake last Thursday need never have taken place.

In the first place the drowning victim's life preserver should have been more securely fastened. Two persons should have been in the towing boat and one of them should have been a swimmer.

When you see a youngster drown, it makes the money you have spent on swimming lessons for your children seem like a very necessary expenditure.

A Free Election?

Randall County farmers will vote on marketing quotas next Thursday for the 1963 wheat crop.

Actually, the only thing which will be decided is whether the farmers want \$1.21 per bushel for their wheat or \$1.82 per bushel. There is no real choice.

The only reason we can see for holding the election in the first place is to provide propaganda material for the Department of Agriculture.

There is no choice between freedom and controls for the farmers going to the polls. A newsletter released by the Randall County ASCS office makes it clear that allotments will remain in effect regardless of whether the referendum carries next Thursday.

The outcome of the election is a foregone conclusion. It will carry by the required two thirds majority and more. "This will give the administration something to point to and say, 'See, this is what the farmer wants. He voted for it.'"

If the Department of Agriculture really wants to carry out the wishes of the farm people, why doesn't it hold an election which would decide whether the farmers want controls at all. The result would at least be interesting.

DOUBLE GUNN STAMPS TUESDAY AT BELLAHS

North Randall News

Mr. and Mrs. Dick Detten, Kabeth, Mark and Mary Myles, of Ponca City, Oklahoma, were dinner guests in the home of Mr. and Mrs. Tom Detten and family, last Wednesday. The Dick Dettens are now spending a few days with his parents, Mr. and Mrs. Robert Detten, Route 2, Amarillo. They came to attend the Detten Family Reunion which will be held in Elwood Park, Sunday, August 19th. They were entertained Friday evening in the home of Mr. and Mrs. Ray Detten and family.

Congratulations are due Mr. and Mrs. V.L. Yarbrough who

celebrated their 25th wedding anniversary, August 14th. They also became proud grandparents this past week. Little Leslie Paige Ashley, was born August 10th weighing 9 lbs. She is the second daughter for Mr. and Mrs. A.C. Ashley. Little Lisa Laverne, stayed with her grandparents during mother's confinement. Both mother and baby are doing fine, and are lacking for attention from three proud uncles, Darrell, David and Calvin Yarbrough.

Happy Birthday to David Yarbrough son of Mr. and Mrs. V.L. Yarbrough who celebrated his 17th birthday, August 19. Calvin and Darrell Yarbrough have accompanied Mr. and Mrs. Dale House on a fishing trip in Oklahoma.

Mr. and Mrs. Lewis Yarbrough and son Doug, of New Orleans, Louisiana recently visited in the home of his brother, Mr. and Mrs. V.L. Yarbrough and family.

Mrs. Laura SoRelle has been released from the hospital and is reported doing fine at her apartment.

Mr. J.L. Upshaw and John and Fancher Upshaw Jr. and Totch, are on a fishing trip in New Mexico and Colorado. They will return Tuesday of next week.

Mr. and Mrs. Jack Johnson

of Foraker, Oklahoma and Mr. and Mrs. Evert Johnson and family were entertained in the home of Mr. and Mrs. Jesse Hammer and daughters last Tuesday evening. Also present were Mr. and Mrs. Chester Willhite of Vega, Mrs. Jack Johnson and Mrs. Willhite are sisters of Mr. Jesse Hammer, and Mr. Jack Johnson is a brother to Mr. Evert Johnson. Mr. and Mrs. Evert Johnson, Gerald, Roger and Rhonda drove to Plainview Sunday, to attend the 60th wedding anniversary celebration of his parents Mr. and Mrs. Wiley Johnson. We wish to extend our heartiest congratulations to them on this occasion.

Miss Taylor Gets Degree

Miss Janet Ann Taylor of 417 Taylor Lane is one of 280 arts and science seniors who are scheduled to receive bachelors' degrees at the end of the summer session at the University of Texas.

The list was made public by Dean J. Alton Burdine.

Mrs. Mary Boyce entertained her family with a dinner party last Saturday evening celebrating the birthday of her son, Jim Boyce.

Chan Foster Is Promoted, Mike Morris Is Named

Chan Foster has been promoted to assistant district manager for Great American Life Insurance Company Amarillo Branch office and will be replaced in the field here by Mike Morris.

Foster has been Great American representative here since May 9, 1960.

He has been one of the company's outstanding salesmen in the area having qualified for the New Orleans Convention and

for the Broadmoor Convention. Announcement of his promotion came from Deward Walcer, branch manager in Amarillo.

Chan has lived in this area all his life. He and his wife, Charlotte, have two children, Jodi, 3 years old, and Bo, 3 months old. The family will continue to live in Canyon for the present.

Foster has passed three of five parts to become a Char-

CHAN FOSTER

tered Life Underwriter. He is a graduate of West Texas State College and is now serving as president of Canyon Junior Chamber of Commerce.

Morris was a representative of Randall Sales Company before resigning to accept the position with Great American. He has lived in Canyon for the past 15 years.

A graduate of Amarillo High School, he attended Amarillo College.

He and his wife, Martha, have five children. They are Bynum, 9 years old, David, 7; Elizabeth, 5; Angela, 14 months; and an infant son.

Mike is a past president of Canyon Jaycees.

Bob Wear Author Of May Article

Bob Wear, minister of the Central Church of Christ in Canyon, is the author of an article appearing in the September issue of Christian Woman magazine.

His article is entitled, "Lest We Forget," and is in keeping with the theme of this issue, "Along the Way." The theme concerns human guidance from infancy to adulthood.

The Wears' home is in Canyon. They have one son, John.

Christian Woman is a monthly magazine published by Fidelity Press in Abilene. Now in its 30th year of publication, The Christian Woman has a circulation of some 20,000 in 50 states and 40 foreign countries.

Bennett In "Take Six"

Maddux B. Bennett is participating in the Texas National Guard's "Take Six" program. Bennett, a private in the 36th Infantry Division, is training at Fort Polk, Louisiana. He is a member of the mortar platoon, combat support company, first battle group, 142nd Infantry. The 142nd is commanded by Major General Selden Simpson of Amarillo.

Mrs. L.S. Stevenson, Jr., Gene Rogers, Mrs. Archie Davis and Kaysee Martin.

Principals Schedule Registration Times

The Elementary and Junior High School registration begins Wednesday morning, August 29, at 9 a.m. and ends at 4 p.m., L. H. Brotherton and Oscar Hinger, principals, for the two schools, announced this week.

Students in the first through the fourth grades with last names beginning with A through M should register from 9 a.m. to noon. Those with last names beginning with N through Z should enroll beginning at 1 p.m.

The junior high students in grades five through eight can register any time that day. Children in the first grade will meet in the all-purpose room in the Elementary School building and must present a certified copy or photostatic copy of his birth certificate. Vaccination for small-pox is required for all school children and immunization against diphtheria is required for all first graders. Registration for second and

third grade students will be with the home room teacher. A directory will be posted at the home room door and office. New elementary students should register at the elementary school office.

Fourth grade students will register in the elementary building and in the South Junior High School Building. They will register with their teachers (a list of each teacher and the children who will be in her class is included at the end of this

story).

Classes will meet for the first regular day of school on Thursday, August 30. Students in grades 5-6-7 and 8 should enroll in their homerooms. An activity fee of \$1.25 will be charged and lunch tickets will be on sale in the hall of the North and South Junior High Building.

Grade 4 will register with the following teachers:

At Elementary Building:
Prasher: Rebecca Allen, Jerry Barnett, Frank Belcher, Bill Frank Byrd, Alfred Burgdorf, Emily Davis, Cathie Detten, Sherrie Evans, Judy Farmer.

Leta Fite, Leta Gill, Marsha Hager, Karen Henscheid, Rena Hillier, Elizabeth Kerr, Ronald Kestler, Teresa Knight, Randy Lyles.

James Martin, Rickey McDowell, Gene Morrison, Randy Read, David Richey, Larry Stephenson, Raymond Stipe.

Bobbie West, Jenelle Woodward.
Holt: John Barrett, Sandra Boehm, Darrell Breitling, Judy Brummett, Larry Cook, Kelly Crafton, Bruce Crager, Opal Draig, Dawn Crump.

Cameron Davis, Shirley Evers, Susan Flynn, Duane Harp, Randy Hicks, Patsy Knox, Ginger LaGrone, Frank Mayfield, Clarence Parkhill.

Gayla Pegram, Ricky Richardson, Judy Schnell, Marilyn Schuette, Elizabeth Starnes, Mike Swatell, Kelly Tinsley, Michael Wade, Wayne Wirt.

Brown: James Boyce, Connie Brazzil, John Bryan, Randall Costley, Ronald Crow, Greg Donnell.

Bill Dugan, Mickey Ely, Henry Flores, Linda Foster, Rhonda Gillham, Richard Gillham, Deborah Gordon, Claudia Hodges, Mary Lindsey, Elsie McCandless, Marsha McDonald, Darrell Moore.

James Morris, Susan Rascoe, Brenda Shell, Emily Thomas, Robert Williams, Karen Winn.

At South Junior High Building:
Usery: Kelvin Allen, Randall Burton, David Carter, Steve Cataldi, Larry Dearman, Kimberly Durden, Jean Harper, Nancy Huntington, James Jones.

James Knighton, John Lewis, Yvonne McMahon, Melody Miller, Chris Olson, Patsy Patterson, Charles Peckenpaugh, Patricia Price, Mark Read.

Michael Riley, Jimmy Rusk, Donna Ruthart, Debra Schrib, Kay Smith, Ronald Williams, Nancy Williamson, Sandra Woods, Carrie Wooten.

Osborne: Johnny Bewley, Leon Bichsel, David Day, Stuart Downing, Lyn Doyle, Deborah Fowler, Julia Billen, Kathy Gist, Rickie Hales.

Rebecca Haley, Linda Hicks, Mary Killingsworth, Roxie Knox, Cynthia Kuhlman, Juanita Martinez, Ralph Neuman.

Connie Ormsby, Susie Parsons.
Deana Prichard, Ronald Prichard, Ronald Riff, Billy Reynolds, Stephen Rhodes, Kevin Sims, Cynthia Sparks, Kenneth Stevenson, Mike Trammell.

Mrs. Butler: Kenny Angel, Nelson Bullard, Nancy Burnett, Janet Canada, Randy Caruth, Noble Cates, Lacy Comer, Viki Cooper, Cindy Cox.

Kent Flynn, Sandra Fowlkes, Davin Gatten, Charles Ham, Larry Hendrickson, Tommy Johnson, Joe Knowles, William Lee, William Phillips.

Elizabeth Prichard, Gilbert Ray, Harvey Risner, Mark Roberts, Yvonda Robinson, Janet Stork, Kim Tucker, Becky Wesley, Janet Westfall, Susan Williams.

L.L. Byars Discharged After Overseas Duty

Larry L. Byars, 22, son of Mr. and Mrs. Harold Byars, has been discharged from the United States Army.

Byars served two years in Okinawa as an electronic technician. He was a Specialist Fourth.

He will enter West Texas State College this fall. Byars plans to major in electrical engineering.

Four Canyon Boy Scouts Attend Camp

Four Canyon boy scouts returned recently from a 12-day scout camp at Philmont Scout Ranch in Cimarron, New Mexico.

Stephen Hines, Clifford Sherrod, Larry Pitt and Paul Stevenson were among 47 boys from the Llano Estacado Council to attend the meet.

The boys spent 10 of the 12 days hiking more than 50 miles through the hills on the Philmont Ranch.

"We hiked from 3 to 10 miles each day, and all our food was in dehydrated form," Stephen Hines said.

The camp gave the boys an opportunity to work on their merit badges, fish, horseback ride, and mainly hike.

Jim Jorkest of Amarillo was in charge of the three expeditions from the Estacado Council.

Vandals Hit Concession

Vandals last week did considerable damage at the Little League concession stand.

A considerable amount of candy was taken from the stand. To make matters worse, someone syrup was squirted on the floor and walls of the building.

City police are investigating. Mrs. Jim Boyce, who works as a volunteer at the stand, said she discovered the damage when she opened Thursday afternoon of last week.

CANYON BUSINESS REVIEW and BUYER'S GUIDE

It is that time of the year when the crops need a fertilizer, and they need it now. Taylor-Evans can fill every fertilizer need of both the dry

land and irrigated farmers. Taylor-Evans has the newest, latest and best equipment for giving the farmer the best results with the application of

anhydrous ammonia. Taylor-Evans take the responsibility of getting the ammonia to the farmer's land, putting it on the crops and showing the farmer how to apply it.

They have custom applicators which make the application easier and faster for the farmer. They furnish everything and the farmer doesn't have to worry about anything.

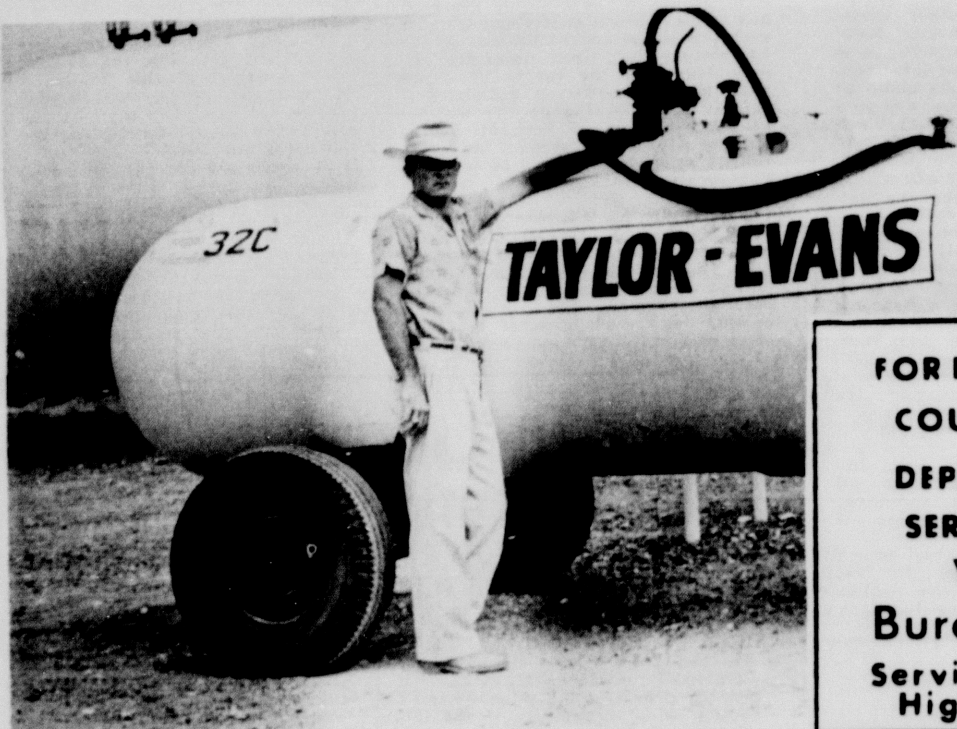

All 1,000 gallon trucks owned and operated by Taylor-Evans have vapor pumps. After filling the tanks, the men at Taylor-Evans deliver the ammonia to the turn row and hook the rigs up for the farmer.

"We can fill a tank in about 20 minutes," says Virgil Slentz. The only thing the farmer has to do is furnish a tractor and driver and Taylor-Evans will hook up the equipment and show the driver how to operate it. All this service is available for no extra cost.

And after the ammonia has been applied the results speak for themselves.

"50 pounds of ammonia on the dry land wheat will make money on grazing alone," Slentz states.

Since this is the time to use anhydrous ammonia, Taylor-Evans invites you to come in and inquire about their credit plan...and do it now.

REBUILDING COST GUIDE

(NATIONAL AVERAGE REPLACEMENT FACTORS)

FOR ONE FAMILY DWELLINGS

EXCLUDING VALUE OF LAND

"Suppose, for example, this was your home, for which you paid \$8,500 in 1940. To put the house back in exactly the same condition as it was before the fire, would cost you \$26,350 (\$8,500 x 3.1 factor from above table)."

"Or let's assume that you bought your home only seven years ago at a cost of \$18,000. To replace it today would cost you \$21,600 (\$18,000 x 1.2 factor for 1955)."

"Of course, grades of construction varying from the mass-produced type to the more expensive custom-built home, the location and the extras all influence the final cost."

"If you have any doubt about the value developed by the factors given herein, then use the appraisal facilities of your mortgagee or a local competent authority. But above all—don't wait. Get temporary insurance protection now pending final determination of value. Remember, you can't buy insurance on your home when it's on fire or if an explosion, hurricane or tornado has already wrecked it. Protect this asset fully—now!"

Buchanans To See Country From Unique Rolling Home

A new look in the mobilhome appeared in Canyon this week. House trailers, campers and large trucks have been around for some time, but Mr. and Mrs. J. H. Buchanan have found the latest in traveling and still remaining in your home.

The new self-contained Condorcoach Mobil Home is the latest product of the Ford Motor Company and the Buchanans placed the first order. The 26 foot long "passenger car" is eight feet wide and will bed up to six persons within its interior.

"We plan to see America and with our rolling home we will be able to go anywhere, anytime," Mrs. Buchanan said, as she walked around in the kitchen area of the unit.

The interior is decorated in walnut paneling with brown draperies to match. The wrap-around windows give the driver and passengers a complete view of the passing scenery.

The seats are cushioned and can be clamped down facing the front or unclamped they will swivel around to be included in the living area.

"These seats are so comfortable you can drive all day and not get tired from sitting," Mr. Buchanan stated.

Along with the automatic transmission the single-unit home has a transistor AMradio with two speakers: one serving the front part of the car and the second as a rear speaker.

The table and stationary seats located directly behind the pas-

senger chair can be folded down to make a 6-foot bed for two persons and a built-in couch on the other wall folds out into another double bed. In the rear of the compartment is still another double bed. There is adequate storage space under each bed, over the walk-in closet and beneath the kitchen

appliances.

The kitchen appliances include a butane stove, oven and refrigerator. Water is supplied by two 30 gallon tanks: hot and cold water.

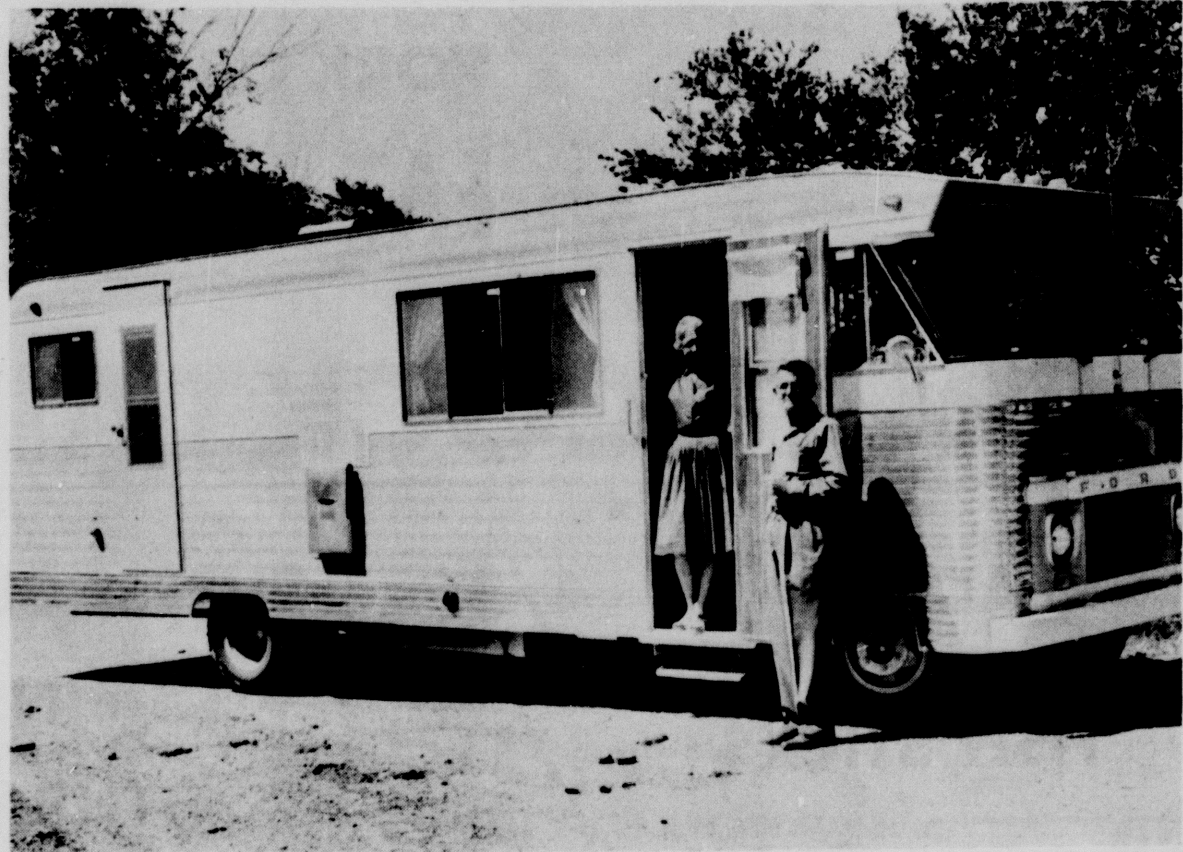

The mobil home has complete bathroom facilities. Ashower is installed in the front section of the bath, with a wrap-around

tem in case there is nothing for us to plug into," Buchanan explained.

And the Buchanans will probably spend most of their time in the places where plug-in facilities are not available.

They both like to fish and hike.

"We have done a lot of hik-

Mr. and Mrs. J.H. Buchanan were caught by the photographer as they inspect their new mobil home. The Buchanans placed the first order for the Ford Condor Mobil Home. The home is

capable of bedding six persons, it has a bath with shower, an oven, stove and refrigerator. The water capacity for the unit is 60 gallons and it has its own septic tank.

Building Plans Get OK In Special Board Meet

Canyon school board last Thursday night approved plans for the new elementary school building to be constructed here and transacted several other items of business at a called meeting.

Also approved were plans for remodeling at the junior high school building. There a new vocational building will be erected to replace a barracks building. The cafeteria will be remodeled and new dressing rooms will be constructed for the physical education department.

This remodeling was recommended by the citizens committee.

The new elementary building is to be located just north of the present elementary school. It is slated for occupancy by the fall of 1963.

Preparing the plans was the firm of Shiver & Maggard, Amarillo architects.

In other business, the board granted a leave of absence to Mrs. A.K. Knott and accepted the resignation of Mrs. Anna

Lou Ashby. Duncan were hired as teachers subject to assignment in the school system.

Fairview Breezes

By MRS. J. W. WESLEY

The Rev. John Sullivan delivered the sermon for us Sunday morning.

We received 1.25 inches moisture last week.

Mr. and Mrs. Raford Shipman and children visited recently with relatives in Lamesa.

Mrs. Robert Smith and boys, Mike, Jimmy and Dan were visiting in the home of her parents Mr. and Mrs. E.W. Schaeffer last week. While they were there they canned vegetables.

Mrs. Rose Wesley and daughter, Sue, have been vacationing in the New Mexico mountains the past week.

Another friend has passed away. E.C. Hawes, who resided in our community a number of years died in his home in Amarillo last week. He formerly taught our children singing. We sympathize with his wife Callie and daughters, Naomi and Jennie.

Mr. and Mrs. Gene Shipman and son Ralph accompanied her parents Mr. and Mrs. Frank Tiers on a vacation to Colorado last weekend.

C.P. Rogers, Mr. and Mrs. Richard Evans and Mr. and Mrs. J.W. Wesley plan on going to the

ing at Palo Duro Canyon. We ran the Palo Duro Burlington and Sad Monkey Railroads for eight years and we spent much of our time searching for traces of Indian culture," Mrs. Buchanan said.

Before buying the railroad Mr. Buchanan worked with five and ten cent stores throughout

Miller reunion. They will leave here Friday morning and return Monday to Lake Brownwood.

We are happy to have a new addition to our church. She comes from Amarillo with her three children.

We were sad to learn of the sudden death of Mrs. Ashby Wheatly of Pleasant Valley. She was the mother of Ora Evans. She visited in our home often.

Those attending the funeral of Mrs. Wheatly from Happy were Mrs. Earl Cowan, Hope Wilson, Edna Wilson, Madge Sutton, Mr. and Mrs. J.W. Wesley and Mr. and Mrs. Richard Evans.

Laquita Palvadora visited Saturday night with her parents and attended church services Sunday morning. Her husband and Keith and Patricia Patterson came down Sunday for a visit.

Mrs. Letha Patterson and Pauline Wesley were shopping in Amarillo Friday.

Bowie Wesley is vacationing in the Colorado mountains.

Charles Wilson visited Saturday evening and Sunday morning with G.E. Wesley.

THE LOST MONTH

This dream girl turned dreary drudge has only 11 months each year to ENJOY life. She spends the other month doing dishes by hand.

It's true. On the average, it takes two hours a day to wade through three stacks of dishes—breakfast—lunch and dinner. That comes out to 730 hours a year. And, friends, that's a month. A month of full 24 hour days.

Don't be a drudge and do dishes — and lose a month a year. "Dial" dishes in an electric dishwasher and enjoy life all year long. It costs just a cent and a half a day to wash and dry dishes electrically. You couldn't buy the hand lotion for that little money — and you get another month to live better electrically.

BEAUTY SHOPPING AT WTSC

Sydney Mills, 20, is a senior at West Texas State College. She will receive a secondary education certificate in May and plans to enter the University of Texas Law School in the fall of 1963. Sydney picks pizza as her favorite food and twirling as her hobby. She was a twirler in the WT Buffalo Band for two years. She lives in Tulla and this summer she is commuting each day from there.

Mr. and Mrs. Gerald Free of Fort Irwin, California, are visiting his parents O.C. Free this week.

Free is a 2nd Lt. in the United States Army. The couple will visit Mrs. Free's parents, Mr. and Mrs. Leon Fillingim, in Wheeler while they are in this area.

Canyon Skiers Place In Pampa Tournament

Three Canyon members of the Panhandle Boat and Ski Club placed in the one-day Pampa Water Ski Tournament held at Lake McClellan Sunday.

Charolette Clark took first place honors in the girls division in jumping and slalom, second in tricks and received the third place trophy for overall.

Judy Clark, sister to Charolette, won first in girls tricks, second on the slalom course and third in jumping.

Dick Shaw won third in veteran men's tricks and slalom. Trophies were given for first place wins, medals were given

for second place and ribbons were awarded for third place. The team trophy went to the Pampa Boat and Ski Club.

Scouts Name Hughes As Lodge Chief

George Hughes of Canyon was elected lodge chief of the Order of the Arrow Saturday during the two days of the OA ordeal at Boy Scout Camp Don Harrington.

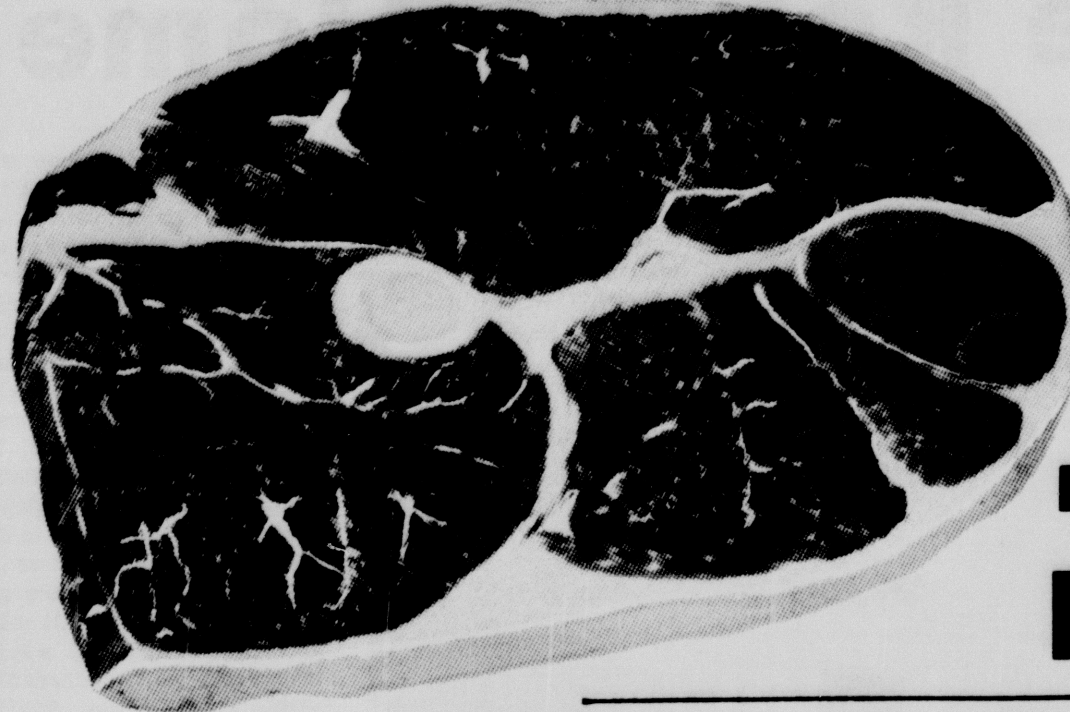

Other lodge officers elected were Eddy Welling, Walter Bradley and Dana Juett, all of Amarillo.

The OA Ordeal began Friday afternoon at 5 p.m. with 31 Arrowmen and 115 candidates attending from the Llano Estacado Council. Elio Myers was ordeal master.

Candidates for the Order from Canyon are John Warren and Paul Stevenson from Troop 31, Tom Lair and Kenny Crossland from Troop 66 and Danny Johnson, Larry Holman and Harry Lyle of Post 66.

Before the boys be admitted to the Order of the Arrow they will participate in another two days of ordeal during the winter months.
